VELVET VIGNETTE

KITCHEN BOAS

This nine block collection creates a beautiful tile scene depicting an elegant butterfly perched among dainty flowers and vines. Our use of plush velvet base fabric combined with batik leaves and silk fabrics for the flowers and butterfly creates a striking combination.

Butterflies are often said to be lucky and the bearer of positive news, bringing joy and peace to all those graced with their presence. This tile scene captures the ethereal beauty of the butterfly, surrounded by vines and fresh florals.

This collection includes five sizes, to give the perfect option for your project. Create this butterfly tile scene as the centerpiece of a quilt, a wall-hanging, or as an elegant piece of framed art.

ORGANZA GARDEN

Our newest shadow work collection, Organza Garden, features floral designs that are sure to dazzle. Colorful abstract shapes sit behind these linework florals, and the combination of art styles results in a unique look reminiscent of modern art. This unique twist on traditional shadow work depicts each botanical drawing with bright pops of color under a layer of white organza, creating a vibrant but calming watercolor effect. With both square and rectangular quilt blocks in 6 sizes each, you'll be able to create this masterpiece in any configuration, or even mix it with another floral favorite.
