

Baby Lock Wish List for Evolution, Evolve, Evolve Wave

<p>Standard/Grooved foot B5002S11A</p>		<p>This is the foot that comes with the machine, it has a groove under the foot which is perfect for gathering a single layer of fabric and a tape guides to feed narrow elastic, tape, ribbon etc to either the overlocker or coverstitch needles.</p>	
<p>Beading Foot B5002-04A-C-E</p>		<p>Guide foot for attaching beads, sequins and overlocking ribbons.</p>	
<p>Blind Hemming Foot B5002S06A-E</p>		<p>This foot is used for blind hemming, also a great guide foot for rolled hem pintucks.</p>	
<p>Clear Foot B5002S14B-E</p>		<p>Constructed of durable plastic enables the work to be viewed all the way to the needles. Can be used for all overlocking stitches, cover stitch and chain stitch.</p>	
<p>Coverstitch foot B5002S10B-E</p>		<p>A narrow foot with an allowance for coverstitch needles only. It is particularly beneficial when working with stretchy fabrics.</p>	
<p>Curve foot MO-36034</p>		<p>The Curve Foot is shorter than the standard foot and has a flat sole. This makes it a good choice for stitching curves, it is perfect for using with decorative coverstitch and chain stitch. Its shorter length is also a benefit for sewing around cuffs and necklines.</p>	
<p>Elasticating Foot B5002S09A-E</p>		<p>Stretches the elastic being inserted and holds it in the correct position to be overlocked, for perfect elastic every time. Also is a cording foot, has the allowance for fishing line, wire etc to be overlocked or rolled hemmed over.</p>	
<p>Flat Sole Foot B5001S06B</p>		<p>From the top it looks like the standard foot, the underside of the foot is completely flat (no groove). Is a benefit when crossing intersecting seams and working with bulky fabrics such as fleece, these can 'play up' under the groove of the standard foot.</p>	
<p>Gathering Foot B5002S07A-E</p>		<p>This is a time saving foot, gathering one layer of fabric while attaching to another- frills in half the time! The ratio of fabric can be determined by the differential feed setting.</p>	

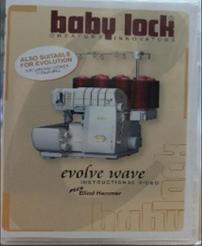

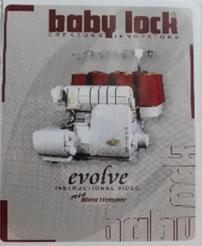

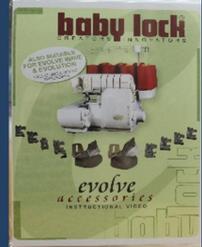

Baby Lock Wish List for Evolution, Evolve, Evolve Wave

<p>Lace Foot B5002S08A-E</p>		<p>A guide on the front of the foot protects the fabrics and trims from being cut by the blade while the fabric underneath can still be trimmed. Perfect for heirloom and achieving a 1/4" seam for patchwork. Can also be used as a guide foot on coverstitch.</p>	
<p>Pintucking Foot B5002-06A-C-E</p>		<p>Forms beautiful pintucks using narrow coverstitch, has two attachments for both flat & corded pintucks.</p>	
<p>Piping Foot 3mm B5002-11A-C-E</p>		<p>The 3mm piping foot has a narrow groove running the length of the foot which enables the piping to be overlocked into the seam perfectly, can also be used to make piping using chain stitch. For narrow cord only.</p>	
<p>Piping Foot 5mm B5002-05A-C-E</p>		<p>The 5mm piping foot is similar to the 3mm piping foot but used for thicker cord such as upholstery. Used for zip insertion also. Can be used on coverstitch using needles C2 and C3.</p>	
<p>Accessory Pack for 8 thread machines only A-6TA8</p>		<p>A pack of 6 feet including beading, blind hem, gathering, elastic, 5mm piping and lace.</p>	
<p>Fabric Guide B0420S01A-E</p>		<p>A benefit when hemming using all versions of coverstitch to achieve a straight hem. It is fully adjustable to the size of the hem required.</p>	
<p>Belt Loop Folder B0421S12AE 19mm B0421S11A-E 38mm</p>		<p>This folder folds the raw edges of a bias strip under to meet in the centre, a triple or wide coverstitch is used to stitch the belt loop. Also great to create straps for bathers, bags, tops etc. Available in two sizes - 19mm and 38mm.</p>	
<p>Bias Binder Double Fold B0421S03A-E 28mm B0421S02A-E 36mm</p>		<p>Folds bias strip of fabric on the top and the bottom, wraps around the raw edge of the fabric and uses the coverstitch or chain stitch to attach the binding to the fabric. Available in two sizes - 28mm and 36mm.</p>	

Baby Lock Wish List for Evolution, Evolve, Evolve Wave

<p>Bias Binder Single Fold B0421S04A-E 28mm B0421S05A-E 40mm</p>		<p>Folds the top of the bias strip only while keeping the bottom flat, uses a wide or triple coverstitch only. Available in two sizes - 28mm and 40mm.</p>	
<p>Plain Hemmer B0421S07A-E 6mm B0421S06A-E 12mm</p>		<p>This accessory is similar to the Downturn Fellers except they fold the fabric the opposite way, the needle stitching is on the folded edge and the chain stitch or reverse cover stitch is underneath.</p>	
<p>Single Downturn Feller B0421S10A-E 6mm B0421S08A-E 16mm B0421S09A-E 25mm</p>		<p>Folds the fabric underneath to form the perfect hem for coverstitch available in 3 sizes - 6mm, 16mm and 25mm.</p>	
<p>Trim Bin 900N</p>		<p>A tray which sits under the overlocker, catching all the scraps which are trimmed during overlocking.</p>
