# Baby Lock Wish List for BLCS - Coverstitch

<p><b>Standard Foot</b></p>		<p>This is the foot that comes with the machine, it is a solid foot with easy to see needle markings for all three needle positions.</p>	
<p><b>Clear Foot</b> B5002K03A-E</p>		<p>Constructed of durable plastic enables the work to be viewed all the way through to the needles.</p>	
<p><b>Hem Presser Foot</b> B5002S12A-E</p>		<p>The hem presser foot, has two sprung arms on the outside of the foot, which walk beautifully over fabrics. There is also a guide marker in the centre of the foot which makes it the perfect foot for stitching reverse coverstitch as you can line the marker in the centre of the overlapped seam, encasing the seam with ease.</p>	
<p><b>Fabric Guide</b> B0420S01A-E</p>		<p>This guide assists when using the coverstitch to hem garments ensuring an accurate and consistent hem width. The markings on the Fabric Guide are lined up with the needles for the required depth of the hem, the raised side ensures straight feeding of the garment. It is fully adjustable to create your desired width of hem.</p>	
<p><b>Elasticating Foot</b> B5002S09A-E</p>		<p>The elastic foot holds the elastic in place to be stitched, and creates the desired amount of tension by adjusting the dial on the top of the foot. The guide on the front of the foot can be adjusted for different elastic widths. A triple, wide or narrow coverstitch can be used to attach the elastic.</p>	
<p><b>Gathering Foot</b> B5002S07A-E</p>		<p>The gathering foot is used to gather the centre of a ruffle to fabric or even a ribbon. Used with a triple, wide or narrow coverstitch and an increased differential feed.</p>	
<p><b>Lace Foot</b> B5002S08A-E</p>		<p>When used on the coverstitch machine this foot is a fantastic guide foot for attaching laces, braids and tapes using coverstitch or chain stitch. Once the guide on the front of the foot is set, the braids, tapes etc. feed in the correct position to be stitched down in place.</p>	

<p><b>Pintucking Foot</b> B5002-06B-C-E</p>		<p>The Pintuck foot comes with two attachments, one for flat pintucks and one for corded pintucks. Flat pintucks look great in rows, as used in blouses, christening gowns and heirloom sewing. Corded pintucks give an excellent decorative effect, as they can be stitched in swirling or curved patterns for stunning results.</p>	
<p><b>Piping Foot 3mm</b> B5002-11A-C-E</p>		<p>This narrow piping foot is used to topstitch fine piping into projects or to make your own piping, which is particularly useful for achieving a perfect fabric match. This can be created on the machine using a chain stitch with needle number 3. After inserting, the piping the cord can be removed from the piping to reveal a 3mm insertion of folded fabric.</p>	
<p><b>Piping Foot 5mm</b> B5002-05A-C-E</p>		<p>This foot is used to topstitch thicker piping into projects or to make your own piping, which is particularly useful for achieving a perfect fabric match. This can be created on the machine using a chain stitch with needle number 2. After inserting, the piping the cord can be removed from the piping to reveal a 5mm insertion of folded fabric.</p>	
<p><b>Belt Loop Folder</b> B0421S12AE 19mm B0421S11A-E 38mm</p>		<p>This folder folds the raw edges of a bias strip under to meet in the centre, a triple or wide coverstitch is used to stitch the belt loop. Also great to create straps for bags, tops etc.</p>	
<p><b>Bias Binder Double Fold</b> B0421S03A-E 28mm B0421S02A-E 36mm</p>		<p>Folds bias strip of woven fabric on the top and the bottom, wraps around the raw edge of the fabric and uses the coverstitch or chain stitch to attach the binding to the fabric.</p>	
<p><b>Bias Binder Single Fold</b> B0421S04A-E 28mm B0421S05A-E 40mm</p>		<p>Folds the top of the bias strip only while keeping the bottom flat, uses a wide or triple coverstitch only. For use with woven fabrics.</p>	
<p><b>Plain Hemmer</b> B0421S07A-E 6mm B0421S06A-E 12mm</p>		<p>This accessory creates a folded edge on the top of your work, the needle stitching is on the folded edge and the chain stitch or reverse cover stitch is underneath.</p>	
<p><b>Single Downturn Feller</b> B0421S10A-E 6mm B0421S08A-E 16mm B0421S09AE 25mm</p>		<p>Folds the fabric underneath to form the perfect hem for coverstitch. A side seam needs to be open when using these fellers, this can be overlocked closed after the hem is finished.</p>	
<p><b>Knit Binder</b> D13-04-08E 8mm D13-04-10E 10mm D13-04-15E 15mm</p>		<p>These double fold binders, attach to the two front holes of the table to self bind all types of knits professionally.</p>
